Hi, Shahid. Sorry to bother you as I know you are very busy. Next week we have our regular Quarterly Basin Commission meeting in Coeur d'Alene and as we do every summer, there will be a tour of several locations around the site. This tour is open to the public and members of the media often also attend. We suspect questions about Gold King questions might come up. Also, Rick Albright and Bill Adams will be meeting with staffers from Senator Crapo's, Senator Risch's, and Congressman Labrador's offices. We also anticipate they may ask questions about Gold King and specifically any potential implications on Bunker Hill cleanup activities. If there are any official agency talking points we should be aware of, please let me know.

Thanks!

Beth
